1	Vana Farms	rvana@diodecom.net	We have 1/4, 1/2 or a whole beef available for sale now. This is Nebraska corn fed Black Angus Beef or Angus Crosses. The animals we sell are all antibiotic free. Most 1/4's will weigh 190-250 lbs., 1/2's will weigh 380-500 lbs., and a whole beef dressed out will weigh 760-1000 lbs.	402-826-0651	Beef	Mostly Black Angus and Angus Crosses. Other breeds and colors are also available.	Usually 1300-1600 lbs. live weight. Can supply just about any weight desired	We buy yearlings that have been raised on grass and forages for their first year. We then finish them on corn, alfalfa and prairie hay that we raise and distillers grains. They are fed for 150-210 days depending on their starting weight and frame size.
2	Rod Christen	rachristen@windstream.net	We are a multi-generational family farm/ranch operation near Steinauer, Nebraska offering grass fed, grass finished beef. Our beef is home-raised without the use of growth hormones or antibiotics.	402-335-0298	Beef	Angus Cross	Live weight is 1400 more or less. Hanging weight will be 850 more or less.	LOCKER NOTE: We recently harvested one of Rod and Amy's animals and our 20+ year butcher stated that he has never seen or butchered a finer looking grass finished animal.
3	Brian Zimmerman	Zimmermanhogfarms@gmail.com	Duroc and Hampshire hogs price slightly above current market pricing.	402-520-2575	Pork	Duroc and Hampshire	250 - 300, smaller sizes also available for whole hog roasting	Grain finished, no antibiotics.
4	Brian Zimmerman	Zimmermanhogfarms@gmail.com	We have been raising Berkshire hogs for over 25 years and it's the preferred pork of the queen of England. Known for its sweeter flavor. This particular breed sells at a premium, call me for more information.	402-520-2575	Pork	Berkshire	250 - 300, smaller sizes also available for whole hog roasting	Grain finished, no antibiotics.
5	Emily M. Haxby	j.e.haxby@diodecom.net	Quarters, halves or all. Born and raised on our farm. They have been fed cracked corn with an all natural protein since October. Will haul to Pickrell Locker, no charge for processing to be cut to your requirements.	402-239-7024	Beef	Black Angus, farm raised	1100 - 1300 pounds would be the range of the finished weight.	Growth hormone and anti-biotic free.
6	Bob Huenik	rhpigfarmer@yahoo.com	I finish my hogs in an open lot environment. Pork on general is higher in "heart healthy" monounsaturated fat but dirt or pasture raised hogs have meat that is higher in micronutrients, particularly fat-soluble vitamins E and D. The open access to sunlight also makes the meat richer in vitamin D.	402-318-8627	Pork	Various breeds	Typically 250 - 300 pounds.	Grain finished.
7	Tyler Wolken	wolken34@yahoo.com	We have raised lambs for over 15 years, we are a fourth generation family farm near Diller, Nebraska that also raises cattle and goats.	402-806-6751	Lambs	Hampshire/suffolk/dorset cross	60 - 120	Grain and hay finished
8	Tim Loseke	tloseke@msn.com	We have a beef scheduled for the locker on January 29th and have a 1/2 still available that could be split into quarters. Anti-biotic and growth hormone free.	402-499-5560		Farm Raised Angus	1300ish	Grass fed and grain finished.
9	Mike Motis	mmotis@windstream.net	This is an older breed of hogs with amazing meat quality.	402-536-0946	Pork	Berkshire/Iowa Sabian cross	250	Corn finish.
10	Country Naturals	countrynaturalslewiston@gmail.com	We have Dexter and Miniature Herford cattle that offer exceptional flavor in smaller sizes.	402-806-7329	Beef	Dexter and miniature Herford	900 - 1000 pound range	Grain and hay finished
